Dear Admiral:

The Committee on Government Operations and the Committee on the Budget wish to obtain current information on the status of Federal Agency practices in acquiring commercial products and services which are within the purview of OMB Circular A-76. We also wish to develop data on the effects of contracting out on the Federal budget, employment levels within the Executive Branch, and economic activity in the private sector.

The information requested should be readily available. It would therefore be appreciated if your agency would complete and return the attached questionnaire within one month. It would also be appreciated if a staff representative be designated to serve as a point of contact in case questions may arise.

Sincerely,

JACK BROOKS
Chairman
Committee on
Government Operations
